

PROJECT 2025

THE RIGHT'S ROAD
TO A DICTATORSHIP

**FOREWARD:
THE CONSERVATIVE PROMISE**

1. RESTORE THE FAMILY AS THE CENTERPIECE OF AMERICAN LIFE AND PROTECT OUR CHILDREN.

The first promise seeks to:

- *...remove marriage penalties and **add work requirements** to social programs, use the tax code to encourage family cohesion, **remove sexual orientation and gender identity, DEI, gender, gender equality ... abortion, reproductive health, reproductive rights** ... out of every federal rule ... regulation ... and piece of legislation that exists.*
- **Ban pornography** and imprison “producers and distributors of porn”, classify educators and librarians who “purvey” pornography as sex offenders, and shutter telecom or tech firms that “facilitate its spread”
- **Expand school choice**
- Enact the most robust protections for the unborn

WHAT DOES “RESTORE THE FAMILY” MEAN IN PRACTICE?

- **Marginalized communities** will be penalized for leaving abusive relationships, women will die of preventable pregnancy complications, government agencies and boards will continue to be dominated by white men.
- **Who decides?** Depending on the definition of “pornography” teachers, librarians and private citizens will be targeted and criminalized based on ill-defined terms.
- **Public schools** will be stretched even thinner, expanding wealth and knowledge gaps.
- **Abortion** will be outlawed at the federal level with few or no “exceptions”.

2. DISMANTLE THE ADMINISTRATIVE STATE AND RETURN SELF-GOVERNANCE TO THE AMERICAN PEOPLE

The second promise would reduce the size of the federal government through:

- restoring “constitutional authority” over the federal budget process
- removing rulemaking power from agencies (EPA, DHS, DoE, DoJ, State Department, etc.)
- encouraging “warfighting” as the sole mission of the military
- ignoring the interests of minority groups

WHAT DOES “DISMANTLE THE ADMINISTRATIVE STATE” MEAN IN PRACTICE?

- **Mass layoffs** of tenured government professionals who have been devoted to public service
- **Centralization of power** to a small, highly-politicized group of presidential appointees
- **Militarization of government** to do the bidding of the president is a direct connection to a fully authoritarian state

3. DEFEND OUR NATION'S SOVEREIGNTY, BORDERS AND BOUNTY AGAINST GLOBAL THREATS

The third promise would drastically change American foreign relations and discontinue green energy pursuits.

- Economic engagement with China will be ended.
- The border will be sealed.
- TikTok will be banned.
- Oil and natural gas drilling will be embraced and expanded.

WHAT DOES “DEFEND OUR SOVEREIGNTY” MEAN IN PRACTICE?

- **Agitation of major trade partners.** China and Mexico are two of the largest importers of US goods. Inflaming tensions with either will weaken the US economy.
- **Infringement of free speech.** Banning TikTok would open the federal government up to first amendment lawsuits from both citizens and industry.
- **Exacerbation of climate change.** The science is clear: fossil fuels are damaging the earth. Abandoning the little progress that has been made towards green energy will be devastating.

4. SECURE OUR GOD-GIVEN INDIVIDUAL RIGHT TO ENJOY “THE BLESSINGS OF LIBERTY.”

The fourth promise waxes poetic about personal liberty and religious freedom, leaving out that the only liberties they will defend are straight, white and male and the religion is Christianity.

WHAT DOES THIS MEAN IN PRACTICE?

Liberty for me, but none for thee. Conservatives will stop at nothing to denigrate and criminalize those who look, speak, love, or worship differently than themselves. As with the second promise, who decides which religion is worthy of freedom? If not all, then none are truly free.
